LIBRARY REPORT

During the past year the following worthwhile activities have been sponsored by the Library Committee:

In order to stimulate more reading, and greater use of the library among the school children of the town, library cards were prepared and distributed in the schools. This proved effective.

A splendid exhibition of quilts, old and new, was presented to the community through the efforts of Miss Daisy Deane Williamson and the copoeration of the Ladies' Auxiliary.

During the two summer vacation months each member of the Library Committee took her turn in conducting a Children's Story Hour on Saturday afternoons at the library. These were well attended and greatly enjoyed.

Throughout the year at various intervals, new and interesting books have been added to the library's shelves.

In November, the children from the Corner and Village schools presented a program at the library in commemoration fo National Children's Book Week. A large number of parents and friends attended this program.

All through the Christmas season a brilliantly lighted Christmas tree graced the library lawn and added a seasonal and cheery touch.

At regular periods during the year the Bookmobile has made its eagerly anticipated visit to town. Everyone enjoys the Bookmobile, especially the school children, who are given this fine opportunity of selecting books suitable to their ages and tastes. This has stimulated reading as a leisure time occupation, which is very desirable.

The year just past has been full of interesting developments, and it is our wish that the coming year may prove to be of great and lasting benefit to the whole community.

AUDITOR'S REPORT

Having examined the books and records of the Town Clerk, Tax Collector, Treasurer, Trustee of the Trust Funds and Selectmen of Goshen, I find them a true record of transactions to the best of my belief.

In this survey, however, certain disturbing facts are evident concerning the present \$10,000-to-\$11,000.00 direct tax burden, a heavier burden than private effort can stand, as is proved by the \$5,933.11 of uncollected 1939 taxes, with its costly drag of penalties and redemptions. The increasing age of many of our heaviest taxpayers must also be considered, as well as a dangerously encumbered real estate. A breaking point may be unexpectedly reached.

Rigid economy is the only way out, may be an old adage that needs repeating.

SUPERINTENDENT'S REPORT

To the Goshen School Board:

The teaching by Mrs. Grace Scranton in the four lower grades and Mrs. Helen Tenney in the four upper grades is so satisfactory that I have nothing to report about the general running of the schools except that I am well pleased with the work.

The School Board has again made valuable changes and repairs in the school property. The most helpful of these were the enlarging of the classroom at the Corner School and the repairs made to the hall floor of the same building.

The state legislature did not appropriate enough money to meet the obligations of the state to the districts. The entire "savings" thus made were thrown as an extra burden on the state-aided districts. This, coupled with a larger number of high school pupils, has raised the local costs of schools. I see no way to prevent this increase from year to year unless there can be found a tax to meet the costs in the state, as we have done for other expenses. It has been suggested that a small tax of moving picture tickets would pay most of the costs of the schools.

I have enjoyed the year's work at Goshen due to kindness and cooperation of the school officials and teachers, and the apparent willingness of the citizens to support the schools. I wish to thank them at this time for this help.

Respectfully submitted,

WALTER L. MASON,
Superintendent of Schools.
